

Artist Bio

Artist all my life: Since I could pick up a pencil or crayon! I don't remember my age exactly. My mother says I use to draw on brown paper bags.

High School: South Point, Ohio. Born and raised in Beckley, WV. The Great State of West Virginia and its people and its values.

College: Art Institute of Atlanta, Atlanta, Georgia.
Associate Degree in Advertising, Photography, & Commercial Art.

My Life: Printing and Publishing - all my working life. Too many printing companies to list from Minute Man, Kwik Kopy, to the big Boyz.....including Newspapers, Magazine and Book Publishers.

Our Goal

To help our customers look Great in Print!

HOW to

Send us your Digital JPEG Camera files.

We gladly accept Digital JPEG camera files.

Please email them to us one at a time.

DO NOT change resolution or Crop in any way!

We take care of that.

HINT: If you are taking your own photos with your digital camera, try and shoot early morning/overcast is best or before the sun is strong and bright. Angle your bike slightly and REMEMBER, CHROME reflects everything: grass, the color of the shirt you may be wearing, etc. This applies to beautiful cars as well. "Reflections" You may take several and choose the best or we can choose for you. We will email you or send a hard copy proof for approval before completion.

Question Call or email us! We are happy to assist.
